

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

It is of great importance, and the mother should watch the effect of certain foods. A food will constitute one and not another, and so we have a healthy food like eggs causing biliousness to thousands and a whole-some fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this

and development must be watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Day considers it the right laxative.

none better for young children. The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills as they are too harsh for the majority, and their effect is only temporary. Syrup Pepsin brings permanent results, and can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

England as a companion to his little daughter, Annie. Later they moved to Venezuela, where Duvall was agent for the German government and connected with large nitrate interests. They came to Alameda county about thirty years ago and settled near Livermore. There she remained as a daughter in the household until she was 14 years when she returned to her mother in Belgium. She was married there at the age of 26 years and came back to the witness stand Charles J. Gav-

lord stated that he had always felt that Mrs. Cop was an adopted daughter, but Mrs. Cop said that she had never heard of adoption papers being taken out and that she would not put in any claim to a share in the estate. She was a niece of Mrs. Duvall.

It has been intimated that Mrs. Williams will make a generous settlement upon her cousin and childhood playmate, whom she has not seen for more than a decade and infrequently since her romantic marriage to Thaddeus Stevens whom her father disapproved of, which caused him to disown her. Mrs. Cop said that her mother was still alive in Belgium, but that her father had died last May about the time of the death of Alexandre Duvall and his wife. Property in the Duvall estate consists of railroad bonds and cash in addition to the realty.

Mrs. Williams is represented by Attorney L. A. Gaskie of Chicago. The remainder of the estate probably will not be settled until after next March, when the claims against it

UNION STATION WILL BE BUILT

Southern Pacific and Capitalists Take Up the Big Project.

(Continued From Page 1.)

to see me again within a few days, writing to this effect this morning: "I join you in your belief of Oakland's future," wrote Shoup in the letter received today. "I hardly need say to you that we desire to co-operate in every way in developing Oakland." Shoup further stated that the station matter was now before the officials but that the proposal of a tunnel or overhead railway for the center of the city would not be considered at the present time. This project was also outlined by Denison some time ago.

Denison's outlined plan provides for the guaranteed lessors, and a subway or elevated to connect with the proposed station. Denison, "with all of the high officials in confidence, and can safely say that this station is surely coming. I have been in consultation with the Oakland-Antioch officials and they are considering a plan of running their lines down Broadway to Webster street thence to the station should it be built.

"Think of it! Under one roof, in a beautiful lighted space, one will be able to get trains after the theater, for instance, to Niles, Pleasanton, Hayward, Contra Costa points, Oakland, Berkeley, Alameda and even Stockton, Sacramento or San Jose.

ATTRACTS CAPITAL. "The building in connection could house comfortably the executive offices of the company, now on the move, and with stores, drawing their trade from the many passengers alighting from the cars, and others, would pay interest. The business proposition has already attracted capital, ready and willing to invest."

Bryon J. Arnold, famed traffic expert, recently in conference with Denison, declared the need of a station, predicting that in time to come the east by region would have the bulk of population. This Shoup has agreed with Arnold declared that, in view of difficulties attendant on population growth, now is the time to build.

The Southern Pacific owns the entire block. Under agreements by which other railroads would come in large revenue would accrue and the rental of the building in connection would be paid by the railroad.

BRADLEY 'CAME BACK,' HE SAYS

Much Searched for Escaped Prisoner Tells Story of His Adventures.

(Continued From Page 1.)

tool-proof steel bars. He obtained extra blankets and braided them into a long rope the necessary length of which he determined by dropping a line to the ground out of his cell-room window.

Leaving the jail with Graham, the pair made their way, he said, out over the Oakland and Antioch railway tracks, where they hid for the remainder of the night. He then gave Graham some money and the latter went to San Francisco. Bradley visited some friends in Fruitvale and took a room in the Tavern house on Fruitvale avenue and East Twelfth.

He slept daytime and went out at night. He visited San Francisco and about Oakland confident in the thoroughness of his disguise.

RODE ON STREET CARS. It was during this early period of his freedom that he says he rode on street cars with members of the Oakland police department and even spoke to Captain Brown, whom he made use of a knowledge of the Scotch dialect and that his well-dressed appearance prevented him from being detected.

Speaking of the dangers of his meeting some of the deputy sheriffs or jailers who might recognize him, he said with significant emphasis:

"Had I seen one of them first I would not have been taken."

Constantly during his wanderings about the cities Bradley carried two revolvers in his side coat pockets, which had been specially enlarged for the purpose.

HE MEETS KELLEY. When he had spent all but about \$20 of the money he possessed as an escapee, Bradley fell in with a young fellow who went by the name of Kelley. Kelley said that he knew of a rambling house in Stockton that "would be easy pickings."

The pair went to the Slough City and visited the place. His companion wanted to back out, Bradley said, but he urged him on and the holdup took place.

"He was so scared that he overlooked several thousand dollars in searching the victims. One of the men at the table I recognized as a Southern Pacific detective."

During the robbery the pair overlooked the silver in sight taking only gold and jewelry. Then they separated and accidentally met in a hobo camp near Sacramento. The Sacramento police were looking for another man and ordered the camp unsuspended.

Bradley was stooping at a pool washing. He made a run for his revolver, but just then a "big German pointed him out" as his comrade in the holding up of a Japanese in Sacramento" and he was "grabbed."

KELLEY GETS FRIGHTENED. Fate seemed against him for the boy who had helped him hold up the Stockton saloon, because scared and pointed out Bradley as the instigator. At Stockton the police took his measurements and identified him as the man wanted in Alameda county.

Sheriff Barnett has notified the Sacramento police that he is ready to pay the reward of \$100 for the capture of Bradley.

Of the amount of gold that he obtained from the gamblers Bradley told the local authorities that "between the Sacramento and the Stockton authorities his pockets were nearly depleted."

As an aid to him during the time that he remained about Oakland and before the Stockton robbery Bradley told of having visited the home of friends in Fruitvale where he dug up a gold mine in the back yard.

Bradley was returned to the county jail last night. Under Sheriff J. J. Hanford, Deputies Bert Brown, E. J. Sweeney and Jack Collier. On the road the party came upon Fred Elliott of Pleasanton and Frank Diablo of Santa Rita, who were pinioned underneath a large automobile. With Bradley looking on they rescued the men from their predicament and proceeded on their way to Oakland. The men were treated at Pleasanton for minor injuries sustained in the mishap.

WILL GO TO SAN QUENTIN. Bradley will be sent to San Quentin as soon as the rimshaw from the Supreme Court is received. On October 13 the higher court refused to grant a new trial and sustained the judgment of Superior Judge Ellsworth, who sentenced Bradley to life imprisonment in San Quentin for the murder of Special Police Officer J. A. Williams at East Fourteenth street and Thirteenth avenue in April, 1912, just 16 days after his release from San Quentin.

Rather than tell on anyone who assisted me while in the county jail I would be hung by the neck" said Bradley when asked about the mystery of his escape.

Norcross Argues Contempt Appeal

SAN FRANCISCO Oct. 31.—The United States Circuit Court of Appeals listened to lengthy arguments today in the case of David C. Norcross, secretary of the Western Fuel company, sentenced by Federal Judge Dunning to stay in jail until he should produce the books of the corporation before the grand jury. The millionaire officials of the Western Fuel company have been indicted for conspiracy to defraud the United States Government on coal weights.

Knowland Estate Pay Big Inheritance Tax

The estate of the late Joseph Knowland, father of Congressman Joseph R. Knowland, paid into the county treasury today \$23,471.85 inheritance tax due the state on an appraisement of \$609,239 for that purpose. The total of the estate was valued at more than \$1,000,000.

HANFORD-TEVIS OFFER SPURNED

F. M. Smith Not Satisfied With Proposal; Trustees to Consider It.

(Continued From Page 1.)

the conditions imposed shall be declared off.

On behalf of F. M. Smith and the trustees representing his interests, Louis Bennett, his personal representative, made it clear that the terms submitted by Hanford could not be taken into serious consideration. The value of the F. M. Smith property largely exceeded the offer for them, and the bonus plan under no consideration would be acceptable to Smith.

CANNOT FINANCE OPTION. This morning Bennett affirmed part of the statement that was made public last evening. He said:

not been able to finance the option which was granted to him by the trustees of the United Properties Company last August. Will S. Tevis, who is acting as agent for Hanford, yesterday submitted a proposal to the board of trustees that we consider was in no sense an acceptance of an option on the properties mentioned. This proposal was radically different from the terms of the first option.

To make the Hanford option be valid, this proposal had to be accepted by the trustees for an option that has apparently expired.

The trustees undoubtedly intend to give this matter due consideration, as they have all other matters pertaining to the transaction. This is all I care to say at present.

SEEK DEPRECIATION.

While the F. M. Smith interests are now pursuing a strictly silent and conservative course, it is learned from those who are directly interested, or who have had opportunity to study the situation, that the Smith faction regards the action of Hanford and Tevis, all through the enforced troubles of the faction middle interests involved, as a threat calculated to force these valuable properties into an open market by hammering them down.

The Smith people are said to believe that the actions taken against their properties were inspired by Hanford. They are said to claim that they did not owe Hanford or Tevis, or any of their employees a single dollar. The claims it is alleged were based upon so-called defaults in payment of interest by the United Properties Company and its subsidiaries. The only way Smith could have been held to account was that he was a stockholder. Smith's friends claim that Hanford was also a stockholder, and that he was the one who started the trouble.

STIRRED UP TROUBLE, CLAIM.

The story goes, from the Smith viewpoint, that Hanford had been foreclosing trouble for Smith and his colleagues in the United Properties holdings for months, and has been unduly persistent in pressing the bankruptcy matter.

The report is that Hanford has come back having failed to force the action on the United Properties stock, but that he can probably put over the deal on his terms notwithstanding this failure.

Smith is said to believe that he is trying to obtain the properties by force, but the Hanford interest strenuously deny this allegation.

It is said among financiers that Smith contributed two-thirds of his railroad interests on the east side of the bay and received United Properties stock in debentures in return. In doing this, he has considered that he has gone further than any other person or persons interested in the United Properties propositions, and is entitled to consideration accordingly.

A Wonderful Working Model of the Panama Canal at Capwell's

An Accurate and Authentic Exhibition Beginning Monday, November 3d

For the entertainment of our customers and the people of Oakland Capwell's have obtained at great expense from the Panama Exhibition Company the only complete operative model of the Panama Canal in existence, which will be on free exhibition in our store exclusively beginning Monday.

This model, which is 6x36 feet, is an exact reproduction in miniature of the canal zone and the canal as it will appear when completed—locks operating boats and train running.

The exhibition shows both the engineer and the school child how this stupendous work was rescued from French failure and made an American—a world—success.

This model has cost thousands of dollars. Ships are taken through the locks and the spectator is made

familiar with all the miles of the canal's length; the lecturer is a man who spent many months in Panama studying the canal.

The first lectures will be Monday morning, and each day and every day thereafter for two weeks lectures will be given hourly.

Heads of Public, Private and Parochial Schools Are Invited to Bring Classes

Scientific men will appreciate this model and the able lectures—in fact all will enjoy it—for it's just like a visit to Panama.

REAR-ADMIRAL WINSLOW MAY COMMAND FLEET

WASHINGTON, Oct. 31.—Interest in naval circles now is directed to the question of who will succeed to the command of the Atlantic fleet, when Rear Admiral Charles J. Badger relinquishes it next spring. These most conspicuously mentioned are Rear Admiral Cameron R. Winslow, in command of the first division of the Atlantic fleet; Rear Admiral F. F. Fletcher, in command of the second division of the fleet, now incidentally in charge of General Felix Diaz in Mexican waters; and Rear Admiral Bradley A. Fiske, the aid to material in the navy department, in charge of the changes and repairs on vessels at home and at sea.

STEAMER BEAVER STRUCK; ESCAPES

Vessel Rammed by Schooner, But the Injury Is Slight.

SAN FRANCISCO, Oct. 31.—The steamer Beaver, which arrived in San Francisco from Portland last night with 20 passengers, was rammed by the lumber schooner Necanicum twenty-two miles south of Point Reyes.

While the crew and passengers watched, the apparently rudderless Necanicum crashed with terrific grinding force into the Beaver's port bow.

Screams arose from many parts of the ship and a wild scene ensued on the forecastle, where 200 Hindus were huddled in expectation of imagined disaster.

Officers ran up and down the decks crying:

Word passed that the Beaver had been struck above the water and the passengers were quieted.

But one passenger was hurt, and that but slightly. Mrs. Anna Dooley, standing at the head of a companionway, was thrown from her balance by the shock, her glasses broken and her face was cut.

Investigation showed that the damage done by the collision was well above the water line and the Beaver continued on her course at her usual speed. Two plates had been stove in and the steel edge of the vessel showed a gaping hole. A few feet further aft for the blow and the Beaver might not have made port.

POLICE IN FIGHT WITH UNIVERSITY STUDENTS

MINNEAPOLIS, Oct. 31.—A dozen policemen and a score of detectives engaged in a desperate battle with 600 University of Minnesota students, high school boys and other sympathizers at a local theater last night. Clarence Windmiller, a door-keeper at the theater, was knocked unconscious, and two students—Giles McHenry and F. L. Raftery, alleged ring-leaders in the riot, were locked up at police headquarters.

FOUR MEN REPORTED LOST

PORT ARTHUR, Ont., Oct. 31.—Four men who left here on a hunting expedition two weeks ago are believed to have lost their lives in Black Bay. Tugs were sent out last night to search for them. They are W. Gray, Collin Wood, Charles Woodward and William Taylor.

CLUB MEMBERS AS 'PATIENCE' CHORUS

Production of Opera by Treble Clef Is Pronounced Success.

"Patience," the famous Gilbert and Sullivan satire on the "aesthetic movement" which 10 years ago headed by Oscar Wilde, took England by storm, was presented last night by the Treble Clef of the University of California at the Macdonough Theater. The production was a huge success for Kurt Steindorff son of the chorus at the university, who as "Bunthorne," the aesthete, presented a remarkable bit of comedy acting. H. P. Williams, as Grosvenor, had the second comedy part.

One of the features of the production was the immense chorus, composed of the entire membership of the Treble Clef, the women's chorus being composed of the men's club. The place was elaborately staged and the production was a success. The cast included: Scott, as Major Caverley, Ruth Carson as Patience, Melinda Mastie as Lady Anglia, and W. B. Lane as the Duke. The principal actors in the cast. The cast and choruses were as follows: Cast—Colonel Caverley, R. D. Scott; Major Caverley, W. B. Lane; Duke of Dunstable, W. B. Lane; Grace Parker, Rosabelle Scott, Ruth Sherman, Elvieda Steindorff, Hertha Jones, Josephine Bevan, Alice Noble, Elizabeth Willis, Hazel Malcolm, Alice Elliot, Grace Parker, Fannie Laird, Gladys Gould.

WATER EVERYWHERE; ACTRESSES FLEE

It is said that even a fish may get too much water. It's certain that a swimmer can. Mrs. Myrtle Wright, the swimmer, appearing this week at the Pantages Theater, joined the general strike yesterday, when the big tank in which she performs sprang a leak and flooded the dressing rooms on the women's side of the stage.

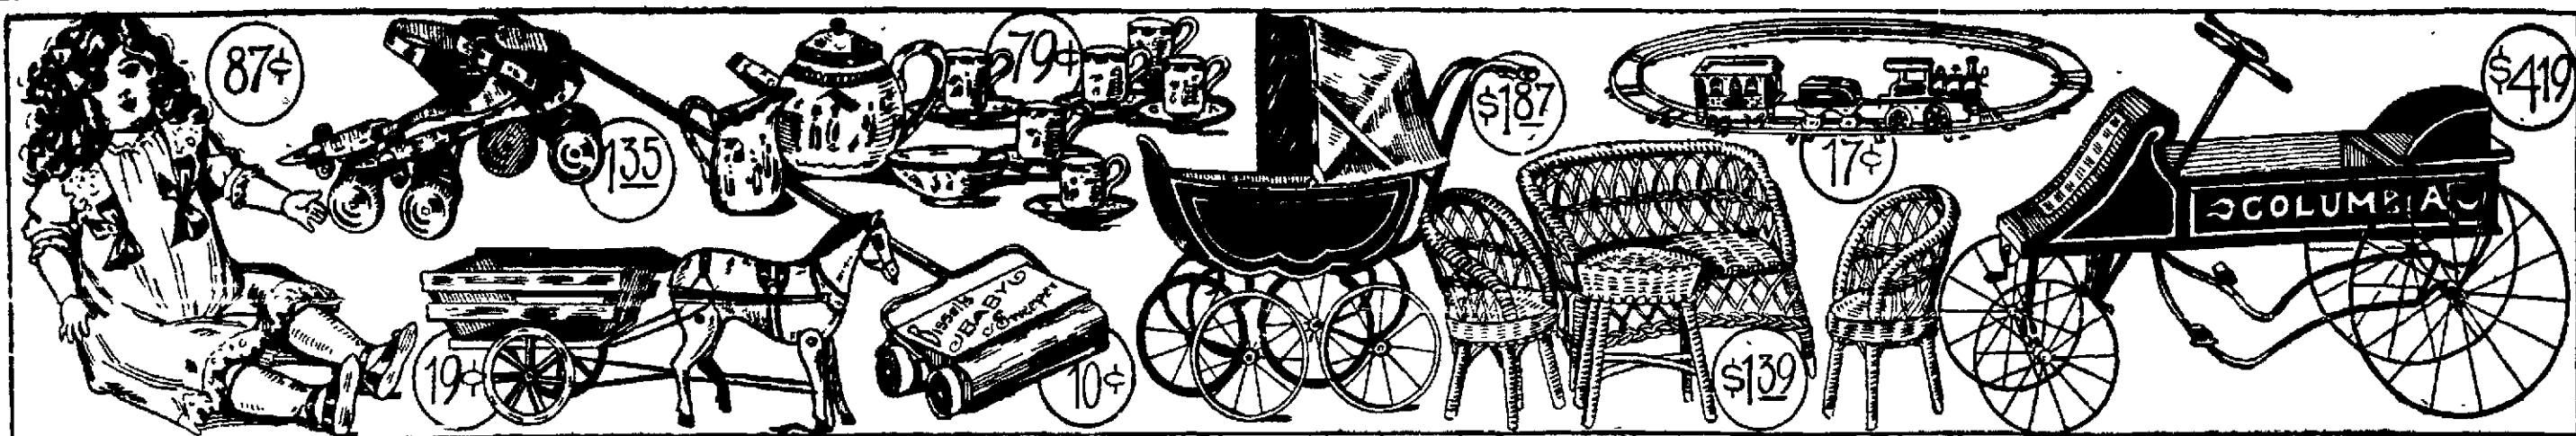

Actresses in dressing gowns hastened from their rooms as the contents of the big tank poured in, and a pump was necessary before the place could again be made habitable.

The accident occurred when a space for one of the tank's glass sides lost its stopper of putty. The mishap occurred just as the performers were dressing for their acts. Mrs. Wright, "Babe" Wright, the "Black and White" girls and "Flit" refused to appear until the water was pumped from the rooms.

Tomorrow At **KAHN'S** Formal Opening Of Toyland THE ALWAYS BUSY STORE For the Holiday Season

FROM now until Christmas **KAHN'S** Toyland will be the most interesting, happiest spot in busy Oakland. Come tomorrow—come as often as you can. And don't fail to bring the Children. How their bright little eyes will dance with delight—these wonderful creatures and creations of the nursery world are very real to them. You will enjoy the sights, too.

—See that electric train in the window go whizzing, for all the world like a Key Route or Southern Pacific train.
—Listen to the delightful racket made by these jingling, clattering, buzzing, whirling toys as they cut up their queer capers.
—Hear the tinkle of that piano some little girl is ardently hoping dear old Santa will bring her. Hear the rub-a-dub-dub of the drum that wide-awake youngster is beating.
—Look at the little fellows who like to saw and pound as their eager eyes fall upon the treasures in those tool chests.

—Note the interested expressions on the faces of the older boys and girls as they look at the toys that educate.

—See the big, beautiful dolls and their smaller sisters; more wonderful dollies never came out of Doll-land. See the cute little Kewpie dolls—the doll wardrobes—the doll houses—the doll furniture—the dishes—the thousand-and-one other playthings and wonders to make children nappy.

—You can't think of an old favorite that isn't here. And there is a seemingly endless variety of new toys. Prices, as is invariably the rule in this store, are remarkably reasonable.

GEO. KNIGHT GIVEN HOT ANSWER

District Attorney Fickert Replies to Accusations

SAN FRANCISCO, Oct. 31.—District Attorney Fickert returned from Bakersfield this morning with his fighting togs on and answered George A. Knight, the attorney and politician, who shouted recall and hurled denunciations at him.

A new angle to the situation today developed from the statement of Assistant Attorney Louis Ferrari to the effect that he and not Fickert had urged her to come here and promising that her babe would not be taken from her.

Fickert's statement was as follows: "The appearance of Attorney George Knight before Judge Dunne yesterday was the most unseemly and unprecedented action that the history of San Francisco's courts can show. He sneaked in before Judge Dunne in my absence at a time when I was called to the bedside of my father in Bakersfield. As was always his custom he waited until my back was turned before he struck."

Why object? "Why do Attorneys George Knight and Andrew Thorne object to a full investigation of an affair in which they are interested and in which palpably a crime has been committed by either side to the controversy or the other? If the stunts of these two attorneys are clean, why do they not lay their cards on the table? What have they to fear? Dr. Fraser, who has admitted that he took money in this case, says he got that money from Andrew Thorne to get witnesses to prove the illegitimacy of the Slingsby baby. Does Thorne fear that I will make him tell how this money was used and why it was used?"

This is my first opportunity fully to investigate the Slingsby case. This proceeding before the grand jury is the only means I have within my power as district attorney to get to the bottom of the situation wherein evidently numerous crimes have been committed. This is the first time that all of the witnesses in the case have

CHARGES HINDERANCE.

"No one has the right to hinder me in this manner and if Attorney George Knight and Judge Dunne attempt to do so to them belongs the responsibility. I refuse to reply to the imputations cast by George Knight, the last man in San Francisco with the slightest license to question the good faith of any one. He is employing the same methods today that he used in the Lichtenstein conspiracy case when he allowed himself to be employed to besmirch the character of Mrs. Anna Lichtenstein against whom five men had conspired in the effort to ruin her reputation. Knight charged at that time that I was using undue influence with the grand jury. Knight's clients were convicted by me and their conviction

was upheld by the Appellate Court of this state and they received their sentences."

"I am going to proceed in the Slingsby case in spite of Knight or any one else and I am going to determine who the guilty parties are." When shown Fickert's statement Knight replied in kind and at great length. Among other things he said: "Anyway, this matter was of sufficient importance for Judge Dunne to take judicial notice of the facts and act upon them. The fact Judge Dunne has stopped him and that was the purpose of my motion. The letters of Fickert are the most damaging evidence that any official ever penned against himself."

'TRAIL OF PINE'

DRAMA IS HERE

Great Scenic Production Begins Engagement at Macdonough Tonight.

Klam & Branger's big scenic production, "The Trail of the Lonesome Pine," with Charlotte Walker in the role of June, comes to the Macdonough Theatre for three nights and Saturday matinee, commencing tonight. This four-act play by Eugene Walter is founded on the popular novel by John Fox Jr. Walter has made skillful use of the atmosphere of the Virginia hills. The play, which opens in the Cumberland mountains, shows the trail around the Lonesome Pine, which, standing like a solitary sentinel, looms large from the depths below. Hale and Berkley, young Eastern engineers, have come to the Gap to develop its mineral resources, with the purpose of establishing a steel manufacturing city. Hale has fostered in the new town a reform element, which is opposed by the rough mountaineers, especially the claims of the Tollivers and Falmis, which have terrified the Gap for years with their feud.

The advent of law and order is particularly resented by young Dave Tolliver, who expects to become the leader of the Tollivers' clan and who hopes to make his cousin, June, his wife. June is a plain, untutored girl, who is set endowed with imagination and fancy. She loves the Lonesome Pine, and each morning at sunrise and each evening at sunset she steals from the mountain cabin home and sits under the tree listening to the sighing of the wind in the pine and fancying she hears the voice of her dead sister urging her to go out into the world and learn. Hale discovers June and questions her about her home life in the mountains, laughing at her coy replies—and enjoying her whimsical remarks. He wins her confidence, and finally induces her father to permit her to attend the new school in the Gap. Her departure from the cabin in the mountains to the school in the valley arouses gossip among the factional clan about her relations with Hale. June can't understand the gossip, and, thinking that she isn't good enough for Hale, sends for her father to come and take her back home. She fixes up the cabin, but declines to marry Dave. In a fight between the police and the feudists June fears that Dave has shot Hale. He has, however, wounded Hale's chum, Berkley, who saves Dave by declaring that he is not the man who fired the shot. The drama proceeds to a happy finish.

TO DELIVER EULOGY. RICHMOND, Oct. 31.—B. Foley of Berkeley has been chosen by Richmond to deliver the eulogy at the funeral service which the local bar has held since its organization a little over two years ago. The date of the service has been set for Sunday, December 7, but the place has not been decided upon. Exalted Order A. C. Langlois will preside. While plans are being made by the lodge for the dedication of its new \$50,000 home, at the corner of Tenth street and McDonald ave., it is not thought that these will be held before the middle of January. The building is now nearly completed.

GIRLS! LOTS OF BEAUTIFUL HAIR, NO DANDRUFF--25 CENT DANDERINE

Hair Coming Out If Dry, Thin, Faded, Bring Back Its Color and Lustre.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No

difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing. Your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. You surely can have beautiful hair and lots of it if you will just try a little Danderine.

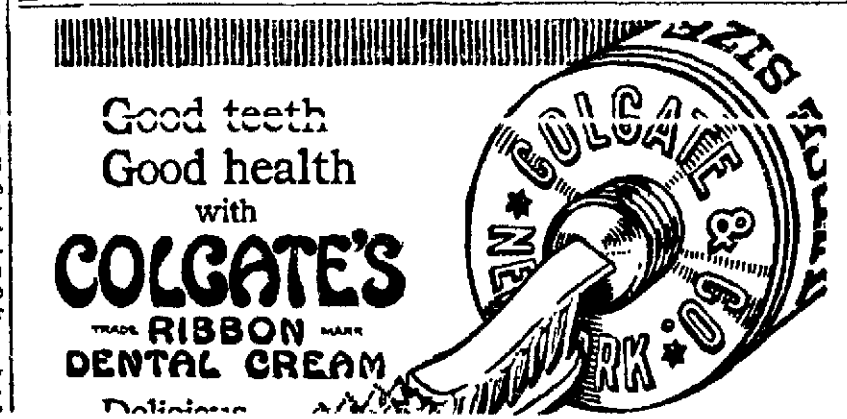

AUTOMOBILE LICENSES FOR OCTOBER 120,776

SACRAMENTO, Oct. 31.—Adding the 2381 automobile licenses issued by Secretary of State Jordan for the month of October up to last night, the total registrations in the State is 120,776. Estimated in dollars, at an average of \$1500 per car, these automobiles represent an investment of \$181,164,000. The October registration exceeds that of September by several hundred.

Every time you break a dollar it's gone, gone, gone.

COULSON PLEADS NOT GUILTY OF MURDER

SAN FRANCISCO, Oct. 31.—Arthur R. Coulson, the feed merchant who on reason of his jealousy of Mrs. Katherine Gallagher, with whom he had been living, wounded the woman and killed William Acker, a chauffeur and George Kovach, an automobile washer, is charged, on September 19, pleaded not guilty to a murder charge before Presiding Judge Dunne today. His trial was set for November 15.

UPSTAIRS

SUCCESS

Entrance 13th St.

Oakland Has Nailed the Sign of Success Over Our Entrance

Value and Service Combined Have Earned Us This Success

Success has been, is, and always will be ours because we do things better, because our values are better, because our service is better, because our entire way of doing business is a better way of doing business.

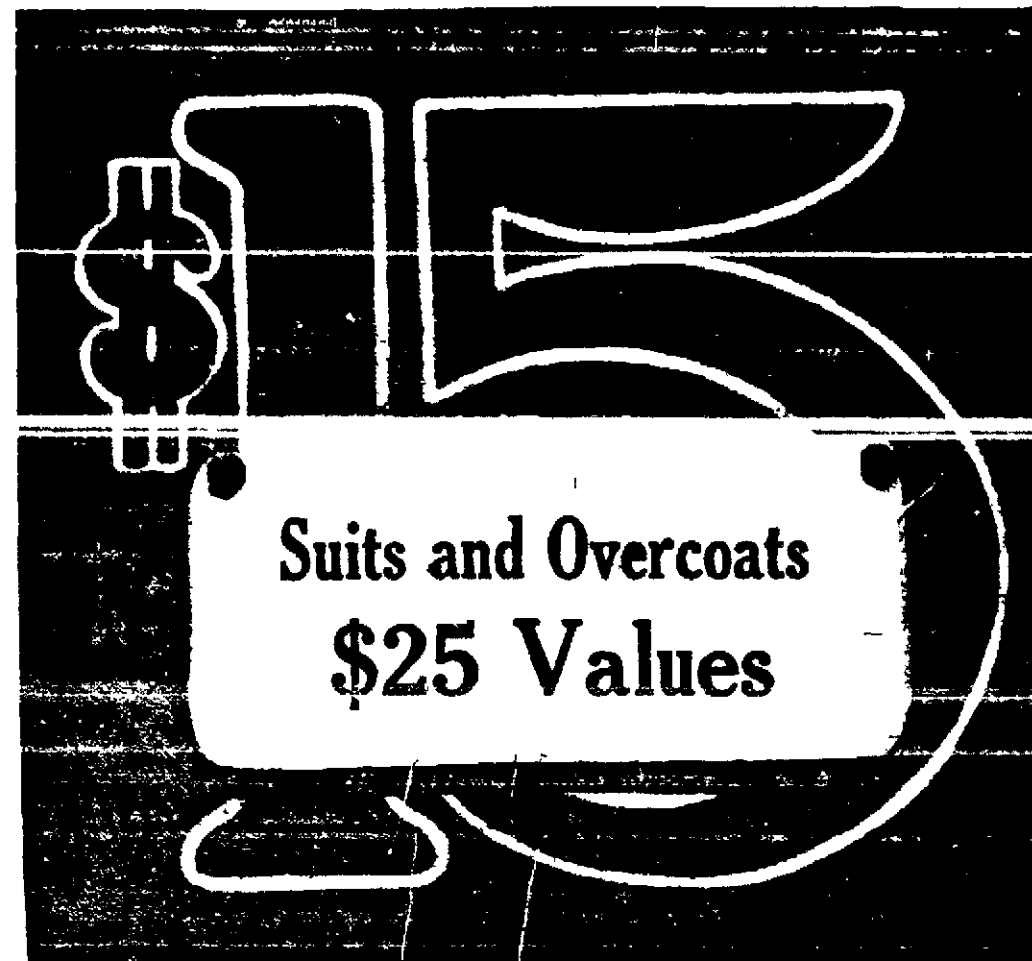

The moment you stop to figure, you will find we are right. The moment you realize that we save \$90,000.00 per year on the rent of the combined 29,000 square feet of floor space we occupy at Oakland, San Diego and Los Angeles, the very moment that you realize what it must mean in our buying power for us to be selling nearly 11,000 Suits per month,—you must understand just what money we save and just how much better values we can give.

IT PAYS US WELL TO SAVE YOU EVERY DOLLAR WE CAN

The idea of charging "all the tariff will bear" is a wrong idea. Our idea, the Foreman & Clark idea from the very start, is to charge just as little as we can, sell to as many as we can, make as many friends as we can, and so get all the boosters we can, and make a very small profit on each one. In that way alone we have grown from a firm with a \$310 cash capital less than five years ago to one that is today doing a successful business of way over a Million Dollars here in three California cities.

We don't believe in sticking in the old rut. We do things differently. We do things so radically different that all cannot realize at a glance that all the old ways have been wrong, and that the Foreman & Clark way, the one new way, is the one right way.

The average high rent, street-level Clothing Store pays about five times the rent we do. The outfitting of such a store, the fixtures, show cases, wall decorations and merchandise displays cost these street-level merchants about eight times what ours cost. The very fact that we are personally on the job all the time,—that we don't have to trust the business to hired underlings, the very fact that we devote all of our energy and efforts in the Clothing direction, and don't run a departmentized store of general merchandise,—all these facts put together MUST show you that we can certainly save you money.

We Sell \$25 Suits and Overcoats Always at \$15.00

We do it because we CAN do it. We do it because it pays us to do it. We know that when we once save you \$10.00 on a Suit or Overcoat, and the garment proves right, you will come back. That's the whole secret of this big success we have been making elsewhere, and which we are very glad to say we are duplicating here, in the city of Oakland.

HOLD FUSION MASS MEETING

Oscar S. Straus Denounces Tammany; Low Proposes Hunger Strike.

NEW YORK, Oct. 31.—Enthusiasm for the Fusion municipal ticket headed by John Purroy Mitchel reached its height

last night at a mass meeting in Madison Square Garden. An audience which packed the old amphitheater heard the majority candidate Former Mayor Seth Low, who once led a Fusion cause to victory. Oscar S. Straus, former ambassador to Turkey and others attack Tammany Hall Edward E. McCall, its mayoralty candidate and Charles F. Murphy, its leader.

Straus aroused the crowd to a demonstration when he denounced Tammany for what he declared was its recently displayed power to conduct its own race and make and unmake a Governor.

Seth Low, as chairman, also caught the crowd when in answering his own question, "How can Tammany be de-

stroyed?" he replied by proposing a hunger strike and not trying forcibly to feed it.

Edward E. McCall addressed several Democratic meetings at which he deplored from his usual custom by mentioning by name John A. Hennessy, Governor Sulzer's graft investigator who has brought many charges against McCall and Murphy.

"The charges of Hennessy and Sulzer instead of winning a Fusion victory by their perfidiousness will dawn the Fusion cause before election day," McCall declared. Hennessy continued his spirited campaign last night. He devoted the greater part of his talk to Charles F. Murphy, reiterating charges he has made against the Tammany leader, incidentally heaping ridicule upon him for his declaration that he returned to Anthony N. Brady, now dead, the latter's \$25,000 campaign contributions.

BRYAN STILL SPEAKING. NEW BRUNSWICK, N. J., Oct. 31.—William Jennings Bryan made yesterday his second appearance in New Jersey during the present gubernatorial campaign, speaking in behalf of the Democratic candidate, James F. Fielder. The secretary made addresses in Penn Grove, Salem, New Brunswick and Perth Amboy.

He said that the interest of the voters in the campaign this year principally was in progress and reform and he declared that the state of New Jersey has been on the firing line since President Wilson had put through his progressive legislation. He appealed to the voters not to take steps backward, but to stand by their nominees for governor and legislative officers.

WASHINGTON, Oct. 31.—After a search covering several years Mrs. Abbie G. Baker, in charge of the White House collection of historical relics, today placed in the cabinets household relics of the administrations of President Tyler and Van Buren.

The President Tyler relic was the gift of Mrs. William M. Ellis of Shawville, Va., and is a dinner plate, one of a set especially prized by President Tyler.

Mrs. Helen Singleton Green of Columbia S. C. furnished the Van Buren relic, a handsome, engraved silver water pitcher, a gift from Benjamin F. Butler to the President.

MRS. W. W. LAKE Tells Others How to Get Strong and Well.

Mrs. W. W. Lake of Aberdeen, Miss., says "The grippe had left me in a weak, run-down condition from which I suffered for some time. I tried different remedies but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cod's livers—combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you. The Owl Drug Co., Oakland, Calif.

ACTOR ACQUITTED OF SLAVE CHARGE

Grover Rosenthal Is Liberated When Girl Shown to Have Gone Voluntarily.

BALTIMORE, Md., Oct. 31.—Grover O. Rosenthal, an actor, of New York, charged with violation of the Mann white slave act, was acquitted yesterday in the federal court. The jury deliberated only five minutes.

Rosenthal, whose wife and child were in court, was charged with bringing Margaret Helbig from Philadelphia to this city for immoral purposes. He said he and the young woman were on the stage together and registered at boarding houses as husband and wife, but his attorney, in his argument, laid stress on the claim that there had been no attempt on the part of the accused to use the girl for commercial purposes.

In his charge to the jury, Judge Rose held that the defendant had violated the Mann act as he constructed it, if the jury believed beyond a reasonable doubt that one of the purposes had been in mind when he brought this girl into the state of Maryland was to continue relations that had existed between them while together elsewhere. The character of the girl and her past life are not to be considered in determining the question of the case.

NEW \$60,000 PLYMOUTH CHURCH IS PLANNED

Within the near future the members of the Plymouth Congregational Church of this city, will commence a campaign for the purpose of raising money for the new auditorium, which will cost \$60,000. The structure will adjoin the Plymouth Center, which was recently erected. The edifice will conform in style of architecture with that of the center, which contains a gymnasium, showers, library and Sunday school rooms.

A meeting of the congregation held Wednesday evening, a vote was taken as to whether they should build the proposed house of worship, and by a vote of 118 for and 8 against the project, the measure carried.

The old church will be torn down and the new one will be erected on the site near the center. It will be capable of seating some 1800 people and will be provided with galleries and a Sunday school department in the basement story.

CHARGE TRIN PORTER WITH STEALING RINGS

Mrs. Frank Le Roy Chapline, wife of a wealthy rancher of Orange county, was robbed of several diamond rings while en route from Chicago to Oakland, according to the railroad police, and Charles Griggaby, a porter was placed under arrest on the train between Carlin, Nev., and Oakland, on suspicion of having taken the gems. The rings were recovered in a linen locker, and Griggaby confessed that the handkerchief in which they were tied up had been in his hands.

Griggaby had been arrested for larceny today and the Oakland police are working on the case.

A Sin in the Christian Name.

Why is the whole civilized world so deeply interested in the trial of a poor Jewish workman, a common day laborer in a brickyard, at Kiev, Russia. Partly because the proceeding against Beiliss is in effect a denial of religious liberty, but mainly because the power of a great nation and the prelate of one of the largest of Christian sects are using judicial process to afford a pretext for persecution. The Jewish ritual is on trial in the person of Beiliss. He is standing proxy for the Jewish religion and for freedom to worship according to its prescribed rites.

It touches enlightened believers in Christianity because the accusation against Beiliss is virtually a charge that the scriptures on which both Judaism and Christianity are based sanction human sacrifice. It is a charge made in bigotry and intolerance, and is abundantly disproved by the text of the Old Testament and the history of the Jewish people. A wretched calumny originally invented by pagan priests as a pretext for harrasing and persecuting Christians is now being used by a Christian sect to feed intolerance and race hatred against the Jews. Christians throughout the civilized world are protesting against a crime against humanity that is being committed in the Christian name.

Beiliss is accused of murdering a boy belonging to a Russian orthodox family in the performance of a religious rite in connection with the feast of the Passover. It is claimed by the Russian prosecutors that the Jews make a practice of sacrificing Christian boys in the observance of their ritual. The charge might be regarded as grotesquely absurd if it were not believed by millions of the ignorant peasantry of Russia and the Balkan states. This cruel superstition has been kept alive and is being fostered by the clergy of the Holy Orthodox Eastern Church. At Easter each year mobs of Russian fanatics, prompted and encouraged by priests of the orthodox church, raid and pillage the Jewish quarters of the towns, maltreat and murder the inhabitants and often violate the women. The excuse for these pogroms is always the same. The Jews killed Christ and sacrifice Christian children on their altars.

Nobody ever heard of Jews sacrificing Christian children in France, England and the United States, or in other enlightened countries. The feast of the Passover was instituted more than thirteen hundred years before Jesus of Nazareth was born, in commemoration of the crossing of the Jordan by the Jews after coming up out of Egypt. How then could the sacrifice of Christian children be a part of the religious ceremony incident to that occasion. Jesus was a Jew and with His disciples celebrated the feast of the Passover. In Nero's time the pagan priests accused Christians and Jews alike of ritual murder. The worshippers of the ancient gods were warned that the Christians were child murderers and that their religion enjoined human sacrifice. The charge brought against the modern Jews in Russia has no more foundation than the charge brought against the early Christians. It is a fabrication which has been turned from its original purpose and made to justify horrors which mankind unite in execrating.

Christian people everywhere owe to themselves and their faith to disavow belief in such a hideous fable, and to manifest righteous disapproval of the infamous service which this survival of pagan bigotry is being made to perform.

The men who are prosecuting Beiliss know that the charge of ritual murder is a barbarous fiction. They do not care who killed the boy Yukinsky, or why he was killed; it is not to punish crime that they are prosecuting Beiliss. They are trying to fix the crime of human sacrifice by judicial declaration on the Jews as a race. A verdict against Beiliss will be a verdict against the Jewish ritual, and will be seized upon as a pretext for forbidding the feast of the Passover or perhaps Hebrew worship altogether. It will incite more pogroms and further exhibitions of violence and religious frenzy against the Jews.

Therefore humanity and justice should protest. Enlightened public opinion should make its voice heard even in the palace of the Czar. Christianity should revolt at the barbarism practiced in its name and rebuke the attempt to perpetuate a bloody superstition by judicial process.

Free Beer and Police Vigilance.

It is illuminating to learn that the liquor which supplied the free bar which was run in connection with the policeman's ball was contributed by the retail and wholesale liquor dealers of Oakland, mainly by the former. It was contributed in response to the personal solicitation of police officers. Patrolmen and even officers did not hesitate to ask the saloonkeepers to "come through" with liberal donations of whisky, wine and beer. The free bar thus supplied was run wide open for hours after the legal hour for closing.

A city ordinance requires all saloons to close at 1 o'clock a. m. A state law requires all saloons to close at 2 a. m. The free bar the policemen set up with liquors begged or extorted from the saloonkeepers was kept open in defiance of city ordinance and State statute. Is it any wonder that proprietors of saloons and cafes violate the law on occasions? The contributions exacted from them were not given as rewards for enforcing the law. Why should the saloonkeepers supply the police with liquor gratis? On what pretense are demands for such contributions made? Why are not the banks asked for contributions of money and the merchants for gifts of clothes? For the reason that the banks and merchants have no favors to ask of the police.

So back of the insubordination of Corporal Flynn is a case of flagrant law breaking by officers of the law and an abuse of police authority. Law-abiding saloonkeepers made contributions as an insurance against trouble and annoyance. Lawless men regarded their gifts in the light of payment for protection and immunity.

If Walter J. McCready were not the possessor of a large amount of money would he be running for him or taking any interest in his whereabouts. It is his money that makes him an object of interest. He might go hang for all the lawyers care if he were hanged. It was his money that caused him to be spirited away. It was his money that prompts the frantic efforts to rescue him. It was his money that caused the police to be so vigilant. We would never hear of them if he were poor.

PROF. E. B. HUGHES ADDRESSES NURSES

Lecturer and Demonstrator
Gives Scientific Explana-
tion of Signs of Death.

The Alameda County Nurses' Association was entertained yesterday by a lecture given by Professor E. B. Hughes, who for the past twelve years has been lecturer and demonstrator in the Chicago College of Anatomy, Sanitary Science and Embalming.

Professor Hughes said in part: "The nurse is a benefactor. She is indispensable. She stands at the crossroads of life, hope and health. She kindles into flame the spark of hope. She soothes distressing fears and yet when science meets its defeat, tender care does not avail and the grim reaper steps in to claim its own, there is no one who can soften the harsh- ever-willing and sacrificing nurse."

"It is here that a new duty presents itself. She has done all that human power can do to ward off the approach of death, but submitting to the inevitable she then turns the cooling zephyr of her loving ways as a comfort to those who mourn."

The lecture included a scientific explanation of the signs of death, giving a means by which the assurance of actual death may be known. The subject of the body, modes of death, factors of life and forms of discoloration were explained in detail.

Each of the seventy nurses representing a part of the leaders of their profession, expressed their appreciation of the instructive value of the lecture and went away with the desire for a continuation of the subject at some future time.

Professor Hughes has lectured on this subject in the various states of the Union, also the dominion of Canada. He has recently purchased stock in the James Taylor Undertaking Company of Oakland, taking an active part as manager.

The members of the Alameda County Nurses' Association desire to express their appreciation of having as competent a man in their midst to instruct them from time to time along the line of the immediate preparation of the body after death, which has heretofore never been treated in as scientific a manner.

BOARD OF INQUIRY ABSOLVES S. P.

Report Rendered Holds Com-
pany Blameless for
Cyclist's Death.

Absolving the Southern Pacific of blame in the accident, a board of inquiry, sitting to investigate the murder of a cyclist, rendered its report Saturday evening when William Denny of Alameda, a motorcycle rider, was killed, rendered a report in the matter yesterday.

The board of inquiry is composed of three Southern Pacific officials and two members of the board. The report is as follows:

At about 4:30 p. m., October 25, fourteenth and Franklin streets, Train No. 174, in charge of Conductor E. A. Westcott, Motorman W. J. Edwards, with three cars, after making the stop at Seventh and Webster streets, it was discovered that the air of drain cock on the rear car was leaking and while inspection was being made attention was called to the body of a man and motorcycle under the train just ahead of the rear car. The leading car, and while inspection was being made attention was called to the body of a man and motorcycle under the train just ahead of the rear car. The leading car, and while inspection was being made attention was called to the body of a man and motorcycle under the train just ahead of the rear car.

Board of inquiry, after looking over ground and equipment and reviewing the testimony and the evidence produced of employees and others, find the employees of the Southern Pacific and the Southern Pacific Company are in no way responsible for the accident; that the accident was evidently caused by the manner in which the motorcycle was being operated.

WILSON WILL PROBE MONOPOLIES STUDENTS IN RIOT AT THEATER

INVESTIGATION OF INDUSTRIES PLANNED

Will Be Contributory to Trust Legislative Program.

Commissioner of Bureau of Corporations Announces Intention.

ATLANTIC CITY, N. J., Oct. 31.—The beginning of a new scientific investigation of the industrial situation, under the direction of President Wilson, which will contribute to the administration's trust legislation program at the session of congress beginning December 1, was announced here today by Commissioner Joseph E. Davies of the Bureau of Corporations, in an address before the National Association of Hardware Dealers.

Whether a competitive system of large units, or monopolistic system is the most advantageous to society is the question the bureau will attempt to determine.

"It is characteristic of the quality of mind of the president of the United States that he should desire facts on which to base his judgment," said Commissioner Davies. "We shall enter into this investigation with the sole intent of working out in scientific and a fair-minded spirit, the facts, absolutely as they are."

AMENDMENT TO BE CUE. "Commissioner Davies declared that the ultimate solution of the trust problem depended upon the determination of the question he termed 'would investigation.' This investigation he believed would determine whether the problem might be solved by amendments to the Sherman law, but an industrial trade commission, or by action looking to regulation of 'trusts' and 'monopolies.'"

"The most efficient there still would remain," he said, in spite of that fact, a question whether the government should maintain an attitude against monopoly by reason of other and greater additional evils it induces.

He said one of the chief concerns of the people was which form of production, competitive or monopolistic, can produce and sell what the public buys most cheaply, consistent with a fair standard of living for workers. He sketched the business growth of the country and the rise of the corporation.

"Within the last decade and a half," he said, "two hundred corporations have come into property of more than twenty-two billion dollars. Two hundred artificial persons own three times as much wealth as the country in 1850."

"The fact is not cited as an indictment against the men engaged in these enterprises, but simply to show the way in which we are growing. The period of business development in this movement occurred in the face of the Sherman law, which was passed in 1890, when it first was sought to make it an active agency for the government."

DEMAND PROTECTION. "The unorganized many are demanding that law shall protect their rights from the encroachment of the organized few. Government or society is concerned with these tremendous industrial units on several angles. What effect have these gigantic concentrations had upon the question of representative government and its perpetuity? Is there danger of the child becoming greater than the parent? What guards must the state throw about itself so that powers of government may not be subverted by the greed of man?"

"The economic aspects of the problem, the fair, just attitude of the government of capital invested and men interested in directing these great enterprises as well as the public at large, and what shall be done to preserve freedom of opportunity for business, is the problem to which congress will address itself in the immediate future."

"This problem reaches down to the fundamentals of government itself; it will fix the greatest minds of this generation and the next. In its solution there is a call to all outstanding, thinking patriotic men to aid in preserving conditions which shall safeguard the liberties of men and that there may be an industrial freedom founded in this country which shall enable our children to be men—not slaves, either to an industrial hierarchy or to a governmental despotism."

AND A DICTAPHONE RECORD, WITH MECHANICAL WOODS READING THE MESSAGE.

Edisonian Equipment Keeps Talk on the Patrolmen

With the completion of a new signal system now being installed on the police call boxes and on the tower of the new city hall, Oakland will have the most perfect system of calling its patrolmen on the night service and notifying them of crimes to be found in America and possibly in the world. The system comprehends a complete telephone and telegraph system, a dictaphone for sending messages to various stations in multiple, the only one in use in a police department in the world, and a system of lights over the call boxes to signal the patrolmen on their beats.

The system has been perfected by Chief of Police Walter J. Petersen.

CLEO STERLING NOT GUILTY OF MURDER

The Jury Acquits Girl of Causing Death of Courtesan

SACRAMENTO, Oct. 31.—Cleo Sterling, 20 years old, was acquitted of the charge of murdering Cherry de St. Maurice "Queen of the Sacramento Tenderloin," by a jury of old married men just before midnight last night, after the jurors had deliberated an hour.

The crowd that jammed the courtroom rushed forward to congratulate her, after adjournment of court, women throwing their arms around her and kissing her and men shaking her hand.

"I am going back home to my folks in Europe," said the girl after her acquittal. Sam Barber was sentenced to die for his complicity in the murder of the Cherry woman and Jack Drummonds is now facing a second trial.

COURT ASKS PROOF IN DYNAMITING CASE

Carrying Explosives on Passenger Trains in Issue

CHICAGO, Oct. 31.—In answer to a request of the court that the government show proof that the dynamiters convicted in the McNamara plots specifically intended to do and did carry explosives on passenger trains, District Attorney C. W. Miller of Indiana today argued before the United States Circuit Court of Appeals that in every instance in which details of a dynamiting had been shown, the dynamite had been carried interstate on a passenger train. The record showed at least fifty such instances, he said.

Mr. Miller named Eugene A. Clancy of San Francisco and Henry W. Leggett, formerly of Denver, as actually having promoted the shipment of explosives in addition to being guilty with President Frank M. Ryan of the Iron Workers' Union in the general conspiracy. The argument will end today, when the court will take the appeal under advisement.

German Aviator and Aide Fall 400 Feet

VERSAILLES, France, Oct. 31.—Victor Bonnier, German aviator, and his mechanic had a narrow escape from death today when their airplane capsized and fell from a height of 400 feet. Stoefler was severely bruised and the mechanic suffered a broken leg. They were protected from more serious injuries by the canvas wings of the machine, which broke the force of the fall.

MEETING POSTPONED. ALAMEDA, Oct. 31.—The meeting of the board of education of this city, which was to have been held this evening, has been postponed and will not be called until the time for the regular meeting next Tuesday evening.

ALL SORTS OF ORDERS. The captain in charge of the central division calls up his orders for the night into the receiver of the dictaphone. These orders comprise descriptions of men sought by the police, notices to look out for stolen automobiles or rigs, descriptions of missing persons and similar information.

The record is taken from the captain's office to the telephone operators' room, where it is coupled in multiple to the switchboard sending device. The message can be sent to as many as ten or twelve different lines and patrol call box telephones at the same time.

Patrolmen call up to report on duty from certain boxes at certain hours. The girl on the switch board prepares the line for each relay of patrolmen. ALL HEAR IT. "Hold wire for captain's orders," she calls as the patrolmen report on. When all the men for that report time are on the wire she switches on the record and the order is relayed off in the captain's voice.

In cases of emergency, when it is important to get the men hurriedly and inform them that a crime, murder or burglary or assault has taken place and that the criminal is at large, the new light signal system is brought into requisition.

This new system means the placing of a light over each patrol call box throughout the city, equipped with an alternating current, that will provide for an automatic flashlight service calling the patrolman in haste to receive dictaphone orders.

P. O. EMPLOYEES TO GIVE WHIST PARTY

The sick benefit association of the postoffice employees in the Oakland Postoffice will give a whist party, Tuesday evening, November 4. The proceeds will help to give the fund these employees in Uncle Sam's service are building up to aid and assist their unfortunate fellow workers. The tournament will be held in Ows' Hall, formerly Castle Hall, corner Twelfth and Franklin streets. Valuable prizes will be given to the players with the highest scores.

Twelve Feet of Oakland Men Are Missing

SAN FRANCISCO, Oct. 31.—Two six-footers, both residents of Oakland, are missing and the San Francisco police, who have been asked to find them, expect to have

if, indeed, they are in this community. Fred Johnston disappeared either in Sacramento or Stockton and his mother, Mrs. F. F. Keller of 1765 Thirty-sixth avenue, Fruitvale, is anxious to locate him. He is 39, 6 feet 1, weighs 175 pounds. Joseph Craig, also 6 feet 1, disappeared on the 26th from his home, 2551 Persimmon street, Oakland. He weighs 165 pounds, smooth shaven and has light hair and blue eyes.

FAST TRADE WILL COME TO COAST

Commerce Bureau Says Panama Canal Business Will Be Big

WASHINGTON, Oct. 31.—An intimation of the vast and extensive trade that will be brought close to the doors of the American manufacturers and merchants with the opening of the Panama Canal, the Bureau of Foreign and Domestic Commerce issued today a statement of the world trade done by the countries washed by the Pacific Ocean. The total of this trade cannot fully be gathered, but the imports into the various Pacific ports in 1912 exceeded two and one-third billions of dollars.

The bureau discovered, also, that the consuming power of the countries virtually doubled in a little more than a decade.

It was also ascertained that the United States was getting its normal share of the trade, the percentage which it supplies of the imports "shows comparatively little change."

Manufactured goods form the greater part of the supplies sent from this country to the nations of the Pacific. Japan and China, alone are exceptions to this for they are heavy purchasers of raw cotton. One healthy feature of the situation is found in the rapidly increasing trade being done with the West Coast countries of Central and South America.

ALFONSO RECEIVES WILLARD. MADRID, Oct. 31.—The new United States Ambassador to Spain, Col. Jos. E. Willard of Virginia, was received today by King Alfonso. The ambassador and his staff were escorted to the palace by a detachment of the royal guards. Ambassador Willard later in the day called on Premier Dato and the principal members of the Spanish royal family.

The Madrid newspapers today publish long articles referring to the cordial relations between the United States and Spain and commenting favorably on the elevation of the American legation to an embassy.

BRICKS, CLUBS AND FISTS ARE USED

Doorkeeper Beaten, the Police Reserves Called at Minneapolis Playhouse.

Panic Starts Among Audience When Lads Try to Rush Doors.

MINNEAPOLIS, Minn., Oct. 31.—Bricks, clubs, and fists flew last night at a local theater when, after a strenuous battle the police succeeded in breaking up a riot. During the fight Clarence Windmiller, doorkeeper at the theater, was badly beaten and rendered unconscious and several others sustained painful injuries. Giles McHenry and F. L. Roberts, alleged ringleaders in the riot, were lodged in the city prison.

The departure of the Minnesota University football team for Madison was the immediate cause of the riot. Celebrating the event the college students decided to "paint the town red," and proceeded to charge the entrance of the theater. Windmiller attempted to stop the rush, and was badly beaten. Police, hastily summoned to the scene, held the crowd at bay with revolvers until a riot call was turned in.

Police reserves, ordering the boys to disperse, charged them with drawn clubs. The students shouting curses, fought back, until their leaders were jailed, when they broke up and fled.

A small panic started inside the theater, the audience, fearing that the commotion was caused by a fire outside, was quieted with difficulty.

The college authorities are today conducting an investigation which may lead to several expulsions or suspensions. According to witnesses the college men were followed by high school boys, who attempted to emulate them and try to rush the theater. The police have descriptions many of these and more arrests may follow. The theater management will probably prosecute.

MISS MARIE L. TISSOT, A POPULAR DEBUTANTE, WHO IS ENJOYING TANNING FOR HER FIGURES THIS SEASON.—Fraser Photo.

FOR once it seems as though society will have had its share of dancing for the season. At the head of the social calendar of the week is the Halloween party at the Hotel Oakland this evening. For weeks preparations have been in progress for the event and many distinctive features will mark the evening's pleasure. The handsome ballroom will present a beautiful picture with its beautiful greens arranged in a perfect woodland. But this time no silvery moon, as on the night of the Brazilian ball, will elude through the branches of the trees. Instead, lighted jack-o'-lanterns will cast their faint light upon fearsome witches and grimacing skeletons, placed in the apertures of the trees. Many from across the city will witness the merry dancing and gaiety from their cages, and soft furred pussies will take the place of the hitherto more forbidding leopards of the forest. Pumpkins will be used in most unique manners, even to the punch bowls, while a mammoth pumpkin will suspend from a chandelier. Many from across the city have made dinner reservations and a large number from Burlingame will attend. The Graces will dance the tango later in the evening with Walter and the Graces.

Among the dinner parties to be held before the ball are those of Mr. and Mrs. Wallace McKelvey, for Mr. and Mrs. Oscar Sutor, Mr. and Mrs. Houghton Sawyer, Mr. and Mrs. Dennis Searles, Mr. and Mrs. Ralph Kinney, Mr. and Mrs. Walton N. Moore and Mr. and Mrs. Herbert H. Brown.

Mr. and Mrs. Paul Dinmore will have a table, covers being laid for Mr. and Mrs. George Hammer, Mrs. C. Parker and W. Seagrave. Miss Florence Sloper will entertain a coterie of friends at dinner. Other hosts and hostesses will be Mr. and Mrs. Wallace Alexander and Mr. and Mrs. Wickham Havens.

HALLOWEEN PARTY FOR CHILDREN
The home of Mrs. Thomas Crellin was a pleasant rendezvous this afternoon for the little folks, when a Halloween party was given in honor of little Anna Hall and Wallace Everett Jr. Acting as hostess for the little ones were Miss Anna Crellin and Mrs. Everett (Jane Crellin). There were many novel amusements planned for the entertainment of the children by those interested in their pleasures. With her mother, Mrs. Whipple Hall of Manila, little Anna Hall came to spend the winter with her grandparents here. The table was daintily adorned with appointments suggestive of Halloween, and dainties delightful to every childish heart.

DENNISON CLUB
A Halloween frolic was enjoyed by the members of the Dennison East Oakland Club on Wednesday. The program was in charge of Mrs. E. V. Hartman, and as follows: "Cats' Prowl," Mrs. E. L. West; "Halloween: Its Origin," Mrs. E. V. Hartman; "Cat," a merry game for the members, prize winners, Mrs. L. McCallan and Miss Brodie; speaking of apples by the members.

CONGRATULATIONS OFFERED.
Mr. and Mrs. David Hartman Rand of Piedmont are receiving congratulations on the arrival of a son in their home, recently Mrs. Rand's daughter, Elsie Williams before her marriage many years ago.

MENARS ARRIVE IN OAKLAND.
The Overland Limited yesterday brought west Mrs. George W. McNear, Mrs. George McNear Jr. and Miss Ernestine McNear. Mrs. George McNear and Miss Ernestine McNear have been abroad for the past year spending much of their time in London. At that time Miss Ernestine McNear went with them, but in Mrs. Power Hutchins, her wedding having been solemnized in London, October 15. Miss Ernestine McNear was the occasion for much social attention abroad. A few weeks ago Mrs. George McNear Jr. went east to meet her daughter and her mother on their arrival in the East.

SHOWER FOR BRIDE-ELECT.
A dainty affair yesterday afternoon was the surprise shower given at the home of Miss Pauline Smith in compliment to Miss Wynne Meredith, the attractive fiancée of George C. Harlowe. Yellow was the predominating color in the decorations, with Halloween favors. Both are well known in the debutante set of the Enchanted City and will take part in the social life of the younger set.

SANS SOUCI CLUB ENTERTAINS.
Tuesday evening the members of the Sans Souci Club gave a Halloween party at which those attending were dressed in Yama Yama costumes. Those attending included Miss Alice Hill, Miss Margaret Dalton, Miss Bernice Chambers, Louise Weymann, Miss Hazel Romer, Miss Edna McCall, Miss Gertrude Fairbush, Miss Emily Martin, Miss Alice Gallagher, Miss Harriet Shaw, B. Boncher, Garth Terry, Russell O'Hara, Clifford McElrath, Jay Huston, Eugene Combs, Hector Legault, Lorrie Mason, Ed Omatont.

LYMAN'S ARRIVE HOME.
News that of bringing great pleasure to their many friends in the bay region is that of the arrival of Dr. and Mrs. George Lyman, who have spent the past two years abroad. The doctor has pursued medical studies in Germany. However, the Lyman are not returning directly to California, but will remain as the guests of friends in New York City for several weeks before their departure for the West. Mrs. Lyman, who was Miss Dorothy Van Sicken, before her marriage moved in the coterie of young people, including Miss Katherine Donohue, Miss Liva de Rue, Miss Jolly McGavin, Miss Lou Foster, Mrs. Carl Wolff, Mrs. Crawford Greene, Mrs. Paul Foster, Mrs. Charles Mills, Mrs. James Jenkins and Mrs. Bernard Ford.

Mrs. Frederick W. Van Sicken left last week for the Atlantic Coast, where she will join her daughter and son-in-law, returning with them to their home in Alameda.

RETURNED TO EASTERN HOME.
Accompanying Miss Moses Fatout to New York Miss Madeline Chambers will spend the winter in the East. Mrs. Fatout has been visiting at the home of her parents, Mr. and Mrs. Asa White of East Oakland.

LUNCHEONS FOR GUESTS.
Two Alameda girls who are coming in for a great amount of social attention at the moment are Miss Ione Connor, a popular bride-elect, and Miss Harold Durney (Marguerite Burke), a bride of the season. Miss Emma Temple has as a guest.

MANY SOCIAL FUNCTIONS.
The home of Mr. and Mrs. William Shaw will be the scene of a merry coterie of young people this evening when twenty-five guests will share the hospitality of the hostess. The handsome home will be decorated in true Halloween manner.

The lectures are in the nature of an extension course, and are open not only to students, but the general public as well. The second of the lectures will be given November 15, the third, December 2, and the fourth on December 12.

Extending from October 16, 1853, to November 12, 1929, a first series was given by the following speakers: Archbishop P. W. Ripstein of San Francisco, J. P. Sullivan, Rev. George A. Monti, some of the best conductors, archbishops of the San Francisco diocese; Rev. Thomas Mcweeney, now pastor of St. Francis de Sales Church; Rev. Joseph Sasia, then superior general of the Jesuits on the Pacific Coast; and Brother Bernard Joseph of the St. Mary's College faculty.

The following topics and themes will be developed during the coming course at St. Mary's: "The Principles of Socialism," Brother Constantine, professor of religion and philosophy; "A Recent Irish Novellet," Brother Leo, professor of English; "A Week in Wonderland" (illustrated), Brother Vantastin, head of the department of commerce; "The Master."

The lectures will commence promptly at 8 o'clock.

Pacific Coast Manager Praises Chinese Doctors

Mr. E. C. Wood, Coast Manager Baldwin Piano Co., Thanks Doctors Chan and Kong.

When a business man shrewd enough to be in charge of all the Pacific coast stores of as large and well-known a firm as the Baldwin Piano Company is so confident as to the ability of two doctors of the Chinese race that he entrusts the care of his family's health to their hands, he is pretty sure to have undeniable evidence as to their standing.

Following is a letter written by Mr. E. C. Wood, Pacific coast manager of the Baldwin Piano Company:

Doctors: I am pleased to state that during the past fifteen months the various members of my family have been your patients and have taken your herbs as prescribed by you with great success. The general health of the entire family is better than at any time in twenty years.

With best wishes and sincere regards I am yours very truly,

CONDEMNATION FOR PARKS ARRANGED

Richmond City Engineer Completes Map of Assessment District.

RICHMOND, Oct. 21—City Engineer C. Owen today announced that he had completed a map of the boundaries for the assessment district which it is proposed to form on the west side of the city for the purpose of condemning sites for parks and recreation grounds to be established in the residential sections there. One of these will be in the Richmond Terrace Tract, and another in the Bay View Tract, and will cost approximately \$50,000. The cost of the property will be spread over the individual lots.

AUDITORIUM TO BE SUBJECT TONIGHT

Plans and Cost Will Be Considered at Banquet at Hotel Oakland.

Tonight, at one of the largest banquets ever held by the Progress and Prosperity Committee, the Tax Association Investigation into the Auditorium plans and their costs will be made public and fully discussed. The banquet is called at the Hotel Oakland for this purpose and to hear Congressman Joseph R. Knowland, who will speak on the financial situation.

Donovan is now at work on new plans and specifications for the building, so that the present report is now of no use in present arrangements of the city, but may serve to give an insight into cost methods.

Both Doctors Chan and Kong are graduates of the two great medical colleges of China, the Peking College and the Canton College. Doctors Chan still cling to the Chinese custom of free consultation and Pulse Diagnosis and in many cases guarantee a cure or to charge nothing for advice or herbs. They invite all sufferers to call no matter what their distance. Their office is at 901 Clay street, Oakland. Out of town patients may write for free symptom blank.

THALBERG'S CERTIFICATE: "Since my arrival in America I have constantly used the Piano of Messrs. Chickering & Sons, and I can only repeat that when I have so often said before: The instruments are the best I have seen in the United States, and will compare favorably with any I have ever known."

GOTTSCHE'S CERTIFICATE: "The problem which, for more than half a century, the great European manufacturers have been proposing to themselves may be reduced to this: How to obtain the greatest volume of tone without altering its character, and at the same time to preserve its clearness and homogeneity through all the extent of the keyboard. You, alone, Messrs. Chickering & Sons, have succeeded, as I fully believe, in combining the different elements which have so long been sought after, in a manner which will hereafter make our modern Piano the most complete of instruments. Henceforth the United States may advantageously compete with Europe in the construction of Pianos, and it is not the least of all our commercial triumphs that you have succeeded in crushing and surpassing the efforts of the Erards, the Pleyels, the Collards and the Broadwoods."

LINCOLN HIGHWAY BEING CELEBRATED

Coast to Coast Route Awakens Enthusiasm Along Line.

LINCOLN, Neb., Oct. 31.—All along the route of the Lincoln highway through Nebraska, towns and villages are celebrating the opening of the road today. In many towns fireworks and parades marked the occasion. At Fremont special programs were held with those men who have backed the project in this state, speaking to the school children. The most elaborate program for the day was at Grand Island, where a double parade in honor of the opening of the highway and to unveil the soldiers' monument in the city was held.

Suicide Terminates Fight for Livelihood

SAN FRANCISCO, Oct. 31.—Samuel Phillips, on awaking this morning and realizing that he had no work and that his funds were badly depleted, fired a bullet into his heart. His wife rushed to his side to find him feebly moaning and an ambulance was summoned. He was dead on reaching the Central Emergency hospital. Phillips was about 40 years old and lived at Lafayette street.

"IT'S MY BUSINESS," EXCUSE FOR SUICIDE

Leaving a note which read, "To whom it may concern, it's my business, Mac," Brooks McKeever, a railroad baggage man living at 569 Tenth street, attempted suicide last night by drinking poison. He was taken to the Central Emergency hospital, where it is said that he will recover. Mrs. M. Burnett landlady with whom McKeever boarded, found him in his room suffering from the effects of the dose and summoned the police.

MILITIA TO DISARM LUDLOW STRIKERS

Adj. Gen. Chase Plans to Enter Colony With- out Battle

TRINIDAD, Colo., Oct. 31.—Adjutant-General Chase, after conference with his staff early today, decided to enter the Ludlow strikers' colony, where more than 1000 armed men have been staying since the strike was called, and proceed with their disarmament. Conferences continued during the day looking toward the formulation of plans by which the troops could enter Ludlow without precipitating a battle with the strikers, a feat which the adjutant-general declared would be the most difficult problem yet confronted.

Strikers, except at Ludlow, are delivering their arms and ammunition. At Ludlow they had shown no disposition to do so and the mill officers, to act in militia.

Conditions at every mine camp and strikers' colony throughout last night were unusually quiet according to reports to the adjutant-general. Notice of disorders since the reported firing on August strikers by mine guards yesterday had been received early today. General Chase said his men would have orders to halt not closer than three miles from the tent at Ludlow today. "We are not even with the situation," he said, "with the situation of the strikers expected word of a clash. The strikers swarm the hills for miles about Ludlow."

Folsom Sentence for Pickpocket Cumerford

James Cumerford, confessed pickpocket, who took advantage of Jailer Eugene Stacner and walked out of the county jail last July, was sentenced to serve five and a half years in Folsom by Superior Judge Donahue this morning. In passing sentence Judge Donahue said: "As you have not added perjury to your crime, I am going to give you a little less than your pal received."

Joseph Hoy, partner of Cumerford, in picking the pockets of a Japanese at San Pablo avenue, was sentenced to six years in San Quentin.

L. Paoletti, who pleaded guilty to assault upon a 7-year-old girl, was sentenced to serve seven years in Folsom prison.

THE N.K. FAIRBANK COMPANY
CHICAGO

FIRM TOLD BY COUNCIL TO OBSERVE TRAFFIC LAW

The city council told the Goldberg-Brown company today that the city ordinances with regard to traffic, blocking streets and sidewalks and other provisions will be strictly enforced with regard to the wagons of the grocery firm at its new location on Thirteenth street, between Washington and Broadway.

Mayor Alton advised Manager E. Bearley that he considered the firm was causing difficulties in planning to handle its big order business from this location.

Bearley explained that he believed the matter could be handled by a careful system of taking the goods from the basement elevators by means of relays of wagons.

The city council instructed the city attorney to advise with Manager Bearley as to whether the ordinance forbidding that any city ordinance would be violated in the proposed plan.

Bearley explained that the company has fourteen teams and that these will be kept at the barns excepting at 8:30 a. m. and 2:30 p. m. when they will be re-

STEAM SCHOONER IN CRASH AT BRIDGE

Carried by the strong tide, the steam schooner Tellowstone, owned by Seaman & Co. of San Francisco, crashed into a dolphin on the Alameda side of the Webster bridge this morning at 10:10. The vessel was carried against the bridge approach, tearing a small hole in the front of the vessel and scratching up the bridge.

BERKELEY CENSOR LAW IS PASSED

Not Emergency Measure, Fail-
of Four-Fifths Vote of
Council.

BERKELEY, Oct. 31.—The city council passed this morning the ordinance creating a board of censors designed to bar "The Traffic" from Berkeley. As passed, however, it is not an emergency ordinance, and is not of effect for thirty days, a four-fifths vote, as the charter requires for an emergency ordinance, not having been secured.

President H. I. Stern and Director Mrs. Elvina S. Beale of the school board, as well as various members of a lobby that taxed the capacity of the council chambers. Attorney H. G. Walker threw a bombshell into the proceedings by calling attention to the four-fifths clause, which the council had apparently overlooked, and was upheld in his stand by City Attorney R. C. Staats.

BERKELEY NOT TO GET MOTOR FINES

All Moneys Collected Go for
County Road Work,
Says State Law.

(BY EDMUND CRINNIN.)
The motorists of California are surely in hard luck these days. Just now as the new State law regulating the speed of automobiles by a uniform limit throughout the State is about to go into effect and the motor car drivers believed that they were at the end of the hold-up game in which they played the short

as their various speed limits comes a Berkeley judge and knocks the new State law into a cocked hat. As our authority for the above statement we reprint the following news dispatch:

BERKELEY, Oct. 30.—"This city does not want to obtain money under false pretenses," declared Judge Robert Edgar this morning in commenting upon the new State automobile law, which goes into effect the first of the year, and which permits a maximum speed of 20 miles an hour. Judge Edgar points out that the State law provides for a limit of 15 miles an hour.

"The municipal ordinance will, of course, continue in effect in Berkeley," declared Judge Edgar, "but the speed limit within the city boundaries will be 15 miles, just as before. We don't want to have to fine people merely for mistaking the State law of local effect."

Local motorists know why the attempt was made to move the State Capitol to Berkeley. The new State law expressly provides for a speed of 20 miles an hour on county roads; 15 miles an hour in residence sections and 10 miles an hour in business streets, and 10 miles an hour when traffic conditions demand it. Under the interpretation of the State law, 20 miles an hour would be the limit in Berkeley, with a 15-mile limit in the main business streets.

But then, of course, if it comes to a question of authority between the Berkeley judge and the law-making body of the State, motorists of this territory would not question the former's supremacy, but they would, however, like to call his attention to the section in the new State law that says:

"Any and all fines or forfeitures collected by or in any court for violations of any of the provisions of this act, whether by a justice of the peace, police court, city recorder's office, city justice of the peace or otherwise, shall be paid to the treasurer of the county or city in which the violation occurred, and shall be used for the purpose of maintaining the county or the city and county, or by the Board of Supervisors of the county, etc., etc."

Don Lee, California Cadillac distributor, who has been spending the last few days at his San Francisco branch, left last evening for Los Angeles. Lee is hurrying South to prepare to leave on the special train that is to follow the Los Angeles-Phoenix racers across the desert and reach the Arizona city at the time to see the finish of the contest. Lee says this year's race is going to be the hardest of any yet held, for the route is longer and there are a lot more cars entered in the contest. Charles Soules is to drive Cadillac car No. 1 in the race and is looked upon in many quarters as the probable winner.

ALL FIRE COMPANIES
TO BE UNDER CHIEF

RICHMOND, Oct. 31.—In view of the fact that the local fire department within the next few months is to be reorganized instead of having a chief for each fire company, which has been the case in the past, all fire companies in the city will be under the head of one fire chief. Local volunteer fire companies are choosing the men whom they would like to see appointed to the new position by the city council. Fire Company No. 2 has entered C. R. Evans, while Fire Company No. 1 is backing R. F. Paasch.

HALLOWE'EN MISCHIEF MUST NOT BE MALICIOUS

ALAMEDA, Oct. 31.—Tonight is the night of all nights. The kiddies will have the time of their lives and the good nature of the householders will be taxed to the limit. For the fun must be only noisy and not destructive. Chief of Police John Conrad says that the children must not rip off gates, smash windows or tear up other people's property. He has arranged a special detail of his patrolmen and they will be on the job to see that property is not destroyed.

Also Chief Conrad says that all children under 16 years of age must obey the curfew law. In other words, they must have their fun before 9 o'clock.

In Alameda 137 teachers yesterday signed applications for membership in the association. The retirement fund is to be made up of the monthly dues of \$1 and 5 per cent of the inheritance tax will also be devoted to it.

SCHOOL TEACHERS TO

RECEIVE GOOD PENSION
ALAMEDA, Oct. 31.—At a special meeting of the teachers of the Alameda schools held in the Haight school auditorium yesterday afternoon it was unanimously decided that the teachers will join in the Teachers' Retirement Association, which will go into effect on January 1st. After July 1st all teachers entering the service will be compelled to become members of the beneficiary association.

Under a provision of the recently enacted state law, the teachers who have worked in the service, may participate in the annuity of \$500 each, when they have served for thirty years, of which the past fifteen shall have been in California.

Each teacher from and after January 1st must pay into the state retirement fund a monthly assessment of \$1.

QUARTET TO PRESENT HALF HOUR OF MUSIC

UNIVERSITY OF CALIFORNIA, Oct. 31.—The half hour of music at the Hearst Greek theater, Sunday afternoon, at 3 o'clock, will be given by a quartet including Mrs. Frances Thoroughman, soprano; Miss Bonita Coffman, mezzo-soprano; Frank Campbell, tenor; and H. D. Cuttrel, baritone. The singers are to be accompanied by Mrs. May Brooke, in the following program: Duet Norma (Bellini) Mrs. Thoroughman and Miss Coffman; (a) Im Herbert (Franz); (b) Charity (MacDermott); Miss Coffman; Eventide (Blumenfeld); Mr. Cuttrel; Samson and Delilah (Saint-Saens); Miss Coffman; from Louise (Chapelier); Mrs. Thoroughman; Trio from Atrilla (Verdi); Mrs. Thoroughman, Mr. Cuttrel and Mr. Campbell.

COMMERCE CHAMBER AND CHARTER CLUB MEETING

ALAMEDA, Oct. 31.—There were two meetings in the offices of the chamber of commerce and the charter club today.

The rooms and the Alameda Charter club in another. B. Fisher of the Sunset Magazine delivered a talk before the members of the chamber of commerce on "Community Advertising." Many valuable hints for publicity work to be taken up by the chamber were given.

At the meeting of the Charter club further investigation into the charters in effect in various cities of the country and the club's plan for voting by mail, took up the attention of the members.

BERKELEY CHAMBER OF COMMERCE HAS ELECTION

BERKELEY, Oct. 31.—The annual election of the board of directors by the Berkeley Chamber of Commerce resulted in the choice of the following directors: D. E. Biegelow, E. J. Bithor, T. E. Caldwell, H. H. Gampner, F. H. Fulton, George Friend, Noah W. Gray, H. D. Irwin, C. C. Juster, Frank L. Naylor, J. P. Norman, Capt. H. R. Oakley, F. R. Peake, Don M. Roberts, F. T. Robson, G. L. Schneider, L. E. Schuessler, W. A. Shockley, Perry T. Tompkins, B. J. Williams, W. E. Woolsey. The newly-elected directors will meet at an early date to complete the organization of the board by choosing a president, vice-president, secretary and treasurer.

ALAMEDA JAPANESE CELEBRATE FESTIVAL

ALAMEDA, Oct. 31.—Japanese play, festival and celebration of the birthday of the Emperor Yoshi Shito, will be held by the Japanese community in Alameda today.

The program has been arranged by the Japanese association and will consist of plays, native music and songs. There will also be several addresses.

CONCERT RECITAL BY THE PRESBYTERIAN ORCHESTRA

ALAMEDA, Oct. 31.—An orchestra recital by the members of the First Presbyterian church will be given at 8 o'clock tonight. The organization is in the fourth year of its life and has succeeded to a greater degree than has many of the other amateur musical clubs. A large attendance greeted its efforts last evening, the ensemble work of the club being particularly deserving. The concert was under the direction of Miss Ellen Todd, the leader of the orchestra.

MAKES BID TO CARRY MAIL OVER ARCTIC ICE FLOES

WASHINGTON, Oct. 31.—A bid for carrying the mails 3000 miles in the depth of an Arctic winter, over the mountains of Northern Alaska, when the snow lies so deep there is scarce a bottom, was received today by the postoffice department. The bid came from Charles D. Brower of Point Barrow, Alaska, the most northern postoffice on the continent and a close rival for northern honors with any in the world.

Brower wants to carry the mail from Point Barrow to Kotzebue Sound, 300 miles southward. The man who gets the contract must make three round trips each winter when the seas are frozen and transportation by dogs and sled overland alone is possible in that region. His bid was sent to Commandant Bernhoff of the revenue cutter service, whom he knew in the Arctic, and by him forwarded to the postoffice department.

Brower's letter was more than two months in getting to Washington from Point Barrow. Brower has lived in the Arctic thirty years and is the only white man who inhabits that northern community. He is employed by an American fur company.

JURORS VIEW SCENE OF HORN MURDER

RICHMOND, Oct. 31.—Superior Judge R. H. Lattimer of Martinez, District Attorney A. B. McKenzie for the prosecution, Attorneys J. R. Roberts and A. F. Barry, and the jury, before whom James Haynie of Oakland, charged with the murder of Norvell R. Horn, arrived in this city this morning for the purpose of viewing the scene of the murder. The murder was committed on October 2. The trip to this city was made for the purpose of familiarizing the jurors with the lay of the ground and the various circumstances surrounding the killing.

HALLOWE'EN CELEBRATED BY FRATERNAL ORDERS

ALAMEDA, Oct. 31.—There was a general celebration of the Halloween festivities in this city last night, when the Y. M. C. A. Daughters visited the Eagles, combining the numbers and filling Woodmen Hall with a gay throng.

THE TAPPAN LECTURE
ALAMEDA, Oct. 31.—The Tappan lecture, given by R. B. Tappan to be delivered before a meeting of the Alameda Center of the California Civic League, will be given at 8 o'clock tonight. The lecture will be on "Native Sons of the West." A conflict of dates caused the change.

TONIGHT'S CARD of four-round bouts at Pavilion, 10:30 P. M., San Francisco.

Willie Meehan vs. George Cameron.
Oto Berg vs. Sailor Grande.
Tom Nickola vs. Johnny Soudenberg.
Bubbles Robinson vs. Jimmy McVey.
Jack Hemple vs. Tad Riordan.
Alf Greenwood vs. Vic McDonald.
Eddie Santry vs. Salter Brodie.

First bout at 8:30.

By THE TIMEKEEPER.

F RANK Schuler has lined up a flossy flock of four-rounders to provide the sport at Pavilion ring, San Francisco, tonight, and as there are some local boys on the card, a big delegation of Broadway denizens will be at the ring-side.

Oto Berg will hook up with Sailor Grande and an old-time slugging bout is sure to be the result. Berg hung a four-round defeat on the sailor a couple of months ago and figures to repeat. Should Berg give the sailor a decisive beating Bob Shad will send him against the higher-ups in the middleweight class. Otto is in grand shape and will be heavily backed to bring home the bacon.

Willie Meehan will take on George Cameron. The latter has been showing great form in the gymnasium and has bet a lot of money on himself. The sporting editor is looking 500 of the negro's cash which he bet at even money. Tom Nickola, who has been clearing up all the 125-pounders, will tackle Johnny Soudenberg in a return match. Tom grabbed the decision last time.

The general belief is that Dick Donald will agree to reduce the weight to 134 pounds at 10 o'clock in the morning and that Burns will have to accept this concession or acknowledge that he does not care for Anderson's game.

Considerable animosity between the two boxers developed yesterday when Dick Donald, Bud Anderson, Frankie Burns, and newspaper representatives gathered there. The discussion became so pointed that Burns at one time feared there would be a premature fight, and he called the meeting off and told them to try it again today.

This Jack Grace person is about as round as a rubber. He stayed around the ring as though he was walking in his sleep and did not have enough sense to stop the bout at the proper time. His pleasing mannerisms were evidenced when he handed the announcer a mouthful of filthy language on being introduced as "the noted globe-trotter." The flow of Pacific street vocabulary was audible to those at the ringside and failed to make a hit. As a referee Grace is a grand little fellow.

Johnny Kibane, the featherweight king, caught a tartar last night in "Young Mars," a budding feather who boxed him in Cincinnati. Though Kibane out-weighted his opponent, he was out-punched. Mars scored a clean knockout in the second. Honors were even until the seventh, when Mars ran into a straight left and dropped for Count Kibane boxed at the lightweight limit.

The suggestion of a ten-round bout between young Henry Hick and Frank Rome before the West Oakland club is one that the promoters would do well to take up. These two youngsters always put up a better battle every time they meet. Just now they appear to be on edge, and should give the fans plenty of excitement. Rome put up a great show last Wednesday, even though he lost. West Oakland would turn out strong to see these lads tangle over the full distance.

Flower Jones, president of the North-western league, and until this time under contract with the White Sox, has received his unconditional release from Comiskey, permitting him to carry out his long cherished desire to manage a big league club. Jones is now looking for a suitable berth.

Algy wanted badly, place upon the team.
Rugby was his hobby, that and chocolate cream.

So a dozen coaches tried him out one day.
Marvelled at the manner he took up the fray.
Once he accidentally broke a fellow's rib,
Then he said, "Excuse me," yes, indeed he did.

Coaches said to Algy, "You big lump of cheese,
Can such parlor language or we'll let you breeze.
Algy saw his error; noted it with pain,
Quickly he determined not to err again.

Next time that the coaches ordered up a scrum
Algy grabbed the five-eighths and put him on the bum.
First he chewed off one ear, gave both eyes a crack,
Then he lay down slowly and broke the five-eighths back.

Doctors all determined at the autopsy
Five-eighths had the quincy, also housemaid's knee.
Soon he was forgotten, strange as it may seem,

The speed of the Colgate squad, however, is taken seriously enough at New Haven to have prompted Captain Ketchum to say last night, "We expect a hard 'brick game.' FOOTBALL WEATHER HITS EAST; THIRTY GAMES ON TOMORROW

NEW YORK, Oct. 31.—The arrival of football weather was welcomed generally in the east today as luckily coincident with a program calling for nearly thirty games tomorrow and followers of the sport look forward to far better exhibitions or play than were possible last week on so many rain-soaked fields.

Cornell's men spent the night on the train bound from Ithaca to Boston, but with what real hope of defeating Harvard known only to themselves. Twice defeated by weaker teams than Harvard is supposed to have, the Ithacans were not naturally warranted in professing confidence. It is generally conceded that there are some fine players on the Cornell team, but teamwork has been lacking, and it remains for the big test tomorrow to show whether Coach Sharpe has succeeded during the last week in making the men work together effectively. Sharpe declined to make any statement other than to say "I think that the team will make a good showing."

Colgate, another New York State college, is sending its team into New England today with more confidence of beating Yale tomorrow than Cornell could have of winning from Harvard, but it would be a general surprise if either of these hopes were realized.

The speed of the Colgate squad, however, is taken seriously enough at New Haven to have prompted Captain Ketchum to say last night, "We expect a hard 'brick game.' Colgate's strongest play is reported to be in the quarterback runs of Huntington and Yale, weakened by injuries that have crippled both her ends, may have some ground for fear that the lightning sprints will escape for a score. The army and navy teams, working up to their match on the Polo Grounds, in New York, November 23, will meet Notre Dame and Lehigh, respectively, tomorrow. Both of the smaller colleges are

confident of winning, and at West Point there is admitted some danger from Notre Dame. The latter's open field tricks are reported to be the basis of the visitors' attack, however, and the good defensive game which the cadets have been showing in practice this week have raised the hopes of the coaches that they will be able to cope successfully with the Westerners.

Lehigh is suffering somewhat from injuries, and it is not likely that Cahill, one of the most effective punters on the team, will be able to get into the navy game and Crichton, the big fullback, who

was hurt in Tuesday's scrimmage, will also be missed, but despite these setbacks, there is confidence. Budgett, the line-up in practice yesterday for the Lehigh game, and if he is kept there with Harrison and Mitchell making up the rest of the backfield, the navy will be prepared to give the visitors a hard pounding, for the backs will average 150 pounds in weight and all are experienced men.

The Carlisle Indians, always strong on new formations, are reported to have worked up some still newer ones to try against Georgetown at Washington tomorrow. The team is in good physical condition and expects to win.

FIRST VARSITY TO REST FROM NOW TILL NOV. 8

Schaeffer Will Work Second String Tomorrow Against All-Blacks

UNIVERSITY OF CALIFORNIA, Oct. 31.—From now until the big game a week from tomorrow, only light practice will be the lot of most of the men who will represent California. The team which Jimmy Schaeffer purposes to send to tomorrow against the All Blacks will be practically the second string with only a few exceptions.

Fresh from their overwhelming defeat of the University of Nevada, the All-

Blacks will go into the game tomorrow determined to revenge the try scored on them last Saturday, and a hard game on their part is assured.

VARSITY FIGHT EXPOSTED.

But as was proved by Wednesday's game with St. Mary's, the second California varsity is by no means a weak organization and a valiant fight against the Antipodean invaders is expected from the second string men. It is doubtful if they can afford the loss of the first varsity last Saturday, but there would be no great surprise if the New Zealanders' line were again broken. In the last game of the 1912 season a second team held the conquering Varsity to a 3 to 23 score, only succumbing to the attacks of the Australians in the last half of an unusually fast game. Jimmy Schaeffer has named his strongest second team line-up—even including several men who have an excellent chance to make the first varsity—against tomorrow's game. Among the forwards are three men on the "Varsity" training table, Fish, Lockhart, and Russell. In the line of backs are Kenney, Harvey, Mike Smith, Bud Montague, and Durand. Behind the line are comers and Durand. Behind the line are comers and Durand. Behind the line are comers and Durand.

Tomorrow's game is scheduled to start at 2 P. M. Following is the line-up which will represent California:

Forwards—Meyer, Crane, Russell, Shaw, Hardy, Weale, Lockhart, Fish.

Half-back—Montague.

Five-eighths—Parrish, Campbell.

Three-quarters—Harvey, Smith.

Full-back—Durand.

W. W. Hill, who is to referee the big game on November 5, arrived from Australia yesterday. Mr. Hill came at once to Berkeley where he visited the California coaches and players and watched the team work out on California Field.

Hill came to America as manager of the Australian Varsity last year and officiated as referee in the last game. His work on that difficult occasion was so satisfactory that he was invited by both California and Stanford to visit the trip from Australia and take charge of the game on the teams line-up again on November 5.

Although no definite announcement of the position on the forward pack has been made, yet things are very definite. Up to yesterday's game with St. Mary's, one position was in doubt. Who was to be selected to play the pack, Douglas or Lockhart? From the showing made by the latter throughout the contest, it looks as if he will replace the veteran.

The front rank has been conceded to Abrams, McKim, and Pensternmacher. With the exception of Brant, these are the lightest men of the forward pack. Their speed, solidity of physique and endurance has led to their choice. McKim is always on the ball, and he does not know of such a thing as exhaustion. Abrams is the shunkest man on the pack. He dribbles well, picks up easily and makes it in the open, passes and relays in such a way that he vies in skill with the three-quarter back.

Pensternmacher is fast, a good hooker and a hard worker. Should the final lineup contain this trio, and from all appearances this is Schaeffer's intention, that will run up a fast and snappy game, making up in speed for their short weight.

It is in the middle rank that the only uncertainty lies. For Douglas, from rank left of last week because of his weight, was conceded the position up to yesterday's game. But Lockhart, who weighs 21 pounds more and stands six inches taller, is a more powerful player.

With all probability send Douglas to the sidelines. With Saunders as his partner, there will be a total weight of 350 pounds of real muscle, 55 pounds over that of last year.

The rear rank looks like Brant, King and Fleming. There is no question of King at lock. He is the tallest and largest man on the team, weighing 204, and stands six feet four inches. Fleming and Brant at breakaway are both big men, and they always get away as soon as the ball is out.

Here is a schedule of the weight, height and age of the probable forward lineup of the big game.

Name	Age	Height	Weight
Abrams	22	5 ft. 7 in.	159
McKim	21	5 ft. 9 in.	152
Pensternmacher	19	5 ft. 11 in.	157
Saunders	20	6 ft.	154
Lockhart	19	6 ft. 3 in.	203
Fleming	20	6 ft. 1 in.	172
King	22	6 ft. 4 in.	204
Brant	22	6 ft.	158

STATE LEAGUE TO ASK HIGHER RATING

SAN JOSE, Oct. 31.—San Jose will be represented when the National association of minor baseball leagues meet in Columbus, Ohio, next month.

Tom Stephens, owner of the local club, will leave on November 5 for the eastern meeting, and it is understood that his mission will be to fight for a Class C rating for the California league.

Stephens announced several weeks ago that he intended to ask for a higher classification for the State league next year. The meeting at Columbus is expected to be the largest gathering of minor league managers ever assembled.

ST. AMBROSE WINS.
St. Ambrose basketball team of Berkeley defeated St. Joseph club of Oakland in the second game of the series by the score of 24 to 18. The game was fast and snappy. The feature of the game was the all around playing of Victor Eszine, manager of the winner, who challenges any 150 to 155 pound team. Address L. Kent, 802 Delaware street, Berkeley, Cal.

"A Hat to Fit Your Face"

Every Hat the Best Hat

At this store. It is almost the infallible rule among ordinary hat selling places to put a lot of good, bad and indifferent qualities on sale at a certain price. Good qualities are the baits, the others the profit-makers. BERTILLION does not bait the PUBLIC, but every hat sold here is of the same high-grade quality.

\$2.50

HATS WORTH WEARING—Because the quality is A No. 1, and the style the best. They come in soft and stiff hats, in all the staple shapes and colorings, with more than ten thousand (10,000) to select from.

The quality is a dollar better than offered by ordinary hat selling places, the variety larger than is shown by any three stores on the Pacific Coast.

The establishment that sells you hats at just about the prices that the hat sellers around town have to pay for them at wholesale. We guarantee what we say. We clean and block your hats FREE of charge at all times.

A SHORT TALK
WITH US ON
Money Matters

will convince you that our rates are the
lowest and our system the best. We
have lowest furniture and piano loans.
We make loans on personal property
without removing the goods from your
possession.

We give you nothing if we do not
make you a loan.

We make no objectionable inquiries in
your neighborhood, but do business in a
fair, square and confidential manner.
Do not lose your personal independence
by asking a friend for a temporary
loan when you are in need, but come to
us for your wants; we make it a plain
business proposition. We pay for what
you get and do not have to ask favors.
We make these loans to be repaid in
monthly or weekly payments for ONE
month to ONE YEAR, and we charge you
for the use of the money only for the length
of time you have it.

We Give You a Written
Statement

showing to a cent the exact cost of the
loan and also to a cent the exact amount
of discount we allow for each month.
Our loan is paid before time expires. You
can get no better proposition. You will
find it to your advantage to get our rates
before placing a loan elsewhere.
You get the full amount of loan in cash.

Program of Unique Enter-
tainments.

FRUITVALE, Oct. 31.—A two days' garden fête in aid of Fruitvale Congregational Church will open this evening in the grounds surrounding the home of Mrs. Henry Wetherbee, East Fourteenth street and Fruitvale avenue. The affair which has been arranged by the Ladies Aid Society of the church will be one of the most elaborate functions ever held in Fruitvale.

Mrs. Wetherbee and Mrs. Edville A. Roy, aided by Mrs. Carson, the Guild president, have planned the affair, and have spared neither time nor expense to produce the most artistic effect. The scores of huge trees and the walks are to be hung with hundreds of colored electric lights. A broad avenue of cedars is to be converted into an outdoor theater where will be given a vaudeville entertainment.

FLETCHER TO APPEAR

Herbert P. Fletcher, monologist, will appear in an impersonation of the "English Pop," assisted by Claude Court-land, pianist.

Courtlough will entertain with numerous readings. A large green sward in the center of the grounds will be found various articles, dolls and their belongings, toys, aprons and homemade candy. Nearly opposite is the country store displaying a variety of packages of peanuts and popcorn. The attendants will be suitable costumed.

The visitor will find many tempting kinds of refreshment, including tables set for ice-cream and cake, a gaily-clad clown calling attention to fruit lemonade and sodas, Chinese girls in their native costume passing coffee and cakes at small tables. At a distance a new and flashing electric light, attracts the attention and one investigates to find two Dutchmen presiding over a sausage fondue. Cut flowers and plants occupy a delightful little arbor.

APPROPRIATE RITES

The evening Hallow'en will be observed with suitable rites in a part of the grounds somewhat removed from the rest, where spots may wander unnoted among the trees and shrubs. A fortune teller will be found in attendance. On each evening a band will furnish music for the promenaders.

Saturday afternoon will be given over to the children's playground, here especially constructed for them provided with swings, slides and seesaws, together with attendants to teach interesting games. Ponies for riding will be at hand.

The great event of the fête will be on Saturday afternoon and evening the trick riding of little Mercedes Anderson and her mother, Mrs. J. S. Anderson. Mercedes, now five years old, has ridden since she was a baby and holds medals and cups won in all directions. Her latest acquisition was a silver cup won at the State Fair at Sacramento.

RESINOL CURED
ITCHING SCALP
AND DANDRUFF

NEW YORK, May 1, 1915.—"I was troubled with itching scalp. It was accompanied with dandruff, and my hair came out and got very thin. Resinol Soap and Resinol Ointment stopped the itching at once and checked the hair from falling out. My scalp is now completely cured. I consider Resinol Soap and Resinol Ointment a godsend to anyone troubled with any skin trouble." (Signed) Dwight W. Clark, 499 Canal St.

Piles Cured After 15 Years

NEW HAVEN, Conn., April 13, 1915.—"I had itching piles for fifteen years and

many remedies with only temporary relief. It gives me great pleasure to recommend Resinol Soap and Resinol Ointment. I got relief with the first application and I can now say that I am cured." (Signed) Chas. A. Nicol, St.

Resinol Soap and Resinol Ointment are sold everywhere. For free literature, send for Resinol Soap and Resinol Ointment to Resinol Soap and Resinol Ointment Co., 100 N. 3rd St., St. Paul, Minn.

WOMEN FORM
CLUB COUNCILNew Organization Will Be In-
fluential in Public
Affairs.

UPPER FRUITVALE, Oct. 31.—Twenty women's improvement clubs east of Lake Merritt attended a meeting in Upper Fruitvale yesterday afternoon, when a new organization called the Council of Women's Clubs East of Lake Merritt was formed. Yesterday's meeting was the first held by representatives of improvement clubs for the purpose of forming a central body and the new council of women's clubs and its objects outlined.

The primary object of the council is to enable women's improvement clubs to make their voices heard more than they

have hitherto. The council will be organized on Monday, November 2, at 8 o'clock, at the home of Mrs. E. W. Barrett, 1214 East 12th street.

PAPE'S! BREAKS
A COLD AT ONCEDon't Stay Stuffed Up! End
Grippe Misery With Pape's
Cold Compound.

Relief comes instantly.
A dose taken every two hours until
three doses are taken will end grippe
misery and break up a severe cold
either in the head, chest, body or
limbs.

It promptly opens clogged-up nos-
trils and air passages in the head,
stops nasty discharges, or nose run-
ning, relieves sick headache, dizziness,
feverishness, sore throat, sneezing,
soreness and stiffness.
